College of Arts and Sciences 2017-2018 Study Abroad Scholarship Application

The College of Arts and Sciences Study Abroad scholarship is available for faculty-led academic international programs that are offered through the College of Arts and Sciences. Please read the terms and conditions, then sign and date. Please follow the instructions to complete the application form.

I understand that:

- To be eligible for this scholarship, I must be enrolled full-time in an Arts and Sciences undergraduate or graduate degree seeking program.
- I must be enrolled in a credit bearing Arts and Sciences Faculty-Led International Travel Course.
- By accepting this scholarship, I agree to participate in future promotion of A&S Study Abroad Courses, including browse tables, interest meetings, or alternative promotion ideas.
- The scholarship will be disbursed before the program begins whenever possible, but only in the same semester that the program is traveling/billed. In some instances university policies may require that the scholarship is disbursed after the student arrives in the host country.
- I am responsible for enrolling myself in the course, and if I withdraw from the course, the full amount of my scholarship will be cancelled. If the scholarship has already been disbursed, the full amount will be deducted from my Bursar account.
- Failure to turn in all documentation necessary for course travel, or failure to respond to official OSU emails or notifications about the program, may result in the full withdrawal of my scholarship.
- Receiving this award may affect my federal financial aid, and I should discuss these concerns with the Scholarships and Financial Aid office.
- Priority for scholarship awards is given to students who demonstrate financial need, that award amounts can vary based on the number of applications and annual funding, and that completing the application does not guarantee I will receive an award.

I confirm that I have read and accept the conditions of the A&S Study Abroad Scholarship
