Communication Sciences and Disorders

MAJORS

Communication Sciences and Disorders, BS

“

The most exciting part is knowing that I am helping others and it's going to be beneficial for someone else for the rest of their life.

- Becca Walters, CDIS Major

”

Communications Sciences and Disorders provides an in-depth study of Normal Speech, Language, Hearing Processes and Disorders of Communication. These topics are studied to prepare students to enter a graduate program. As a CDIS major, you will build the foundation and pre-professional background to pursue a career in speech-language pathology and/or audiology.

PROGRAM HIGHLIGHTS

Observe therapy sessions as a junior and gain clinical experience as an undergraduate

Gain research experience in the **Phon Farm, Motor Speech Lab, Sociophonetics Lab** and the **Language Learning Lab**

Take courses in **manually coded English** and finger spelling.

Participate in summer camps such as Literacy Camp, Cowboy Aphasia Camp, and Cowboy Fluency Camp.
